The Good News Of Christmas is That God is Always Working!

Luke 1:1-25; 57-80

- (1) Everything surrounding the _____ of John the Baptist testifies that God is at work and in control. (Luke 1:1-25)
- (2) The fact that John The Baptist's life had a preordained _____ that ended up being accomplished exactly as God said it would be, testifies that God is at work and in control. (Luke 1:57-80)

Challenge: The Bible can not be used as a source to support the idea that God is not actively at work in the affairs of this world to accomplish His will exactly as He wills it to be accomplished. As a matter of fact, the entire Bible presents the exact opposite as true, that God has and always will be at work in this world accomplishing everything He wants. Does my life reflect a _____ that God is at work or one that God is not?
