## The Bible: What is it?

### 2 Timothy 3:15-16

1. The Bible claims to be the \_\_\_\_\_ words God gave human authors (“breathed out by God”) to authoritatively write down for others to read and thus it calls itself “sacred writings” and “Scripture.”
2. The Bible identifies \_\_\_\_\_ the Old and New Testament as Scripture (God’s Word). - “All Scripture is breathed out by God”
3. The Bible doesn’t contain God’s Word, it \_\_\_\_\_ God’s word. – “All Scripture is breathed out by God AND profitable”

**Challenge:** Our attitude, commitment and interaction with God’s Word (The Bible) \_\_\_\_\_ our attitude, commitment and interaction with God! With that reality how then do you measure your relationship with God?
