**Challenge:** As a \_\_\_\_\_, how you relate to others at work, especially your boss, as well as how you perform your job, are defining how those who don't know Christ are viewing the God and the Gospel that you represent. If I asked your boss, your employees and/or the people you work with about their view of the God and Gospel you claim to know and serve what are they going to say? What areas of your life need to change so that the Gospel is adorned where you work?
