

A Wrong View Of Death

Job 13-15

(1) Job sees death not only as his only future but also as a totally _____ future.
(13-14)

(2) Eliphaz blasts Job for wanting to have a debate with God but does so with arrogance
and _____ reasoning. (Job 15)

What does the Bible actually say happens to the believer after death?

(1) The _____ a follower of Christ dies their soul leaves the body and is
instantaneously in the presence of God and all those who have died before them. (Luke
23:43, 2 Corinthians 5:8, Philippians 1:23-24)

(2) When Christ returns every follower of Christ (Dead or alive) will receive a new body
that is fully recognizable as themselves but will no longer be capable of sin and
_____ as we live perfectly with God and one another forever in a new earth! (1
Corinthians 15:35-49, 2 Corinthians 3:18, Revelation 21:3-7)

Challenge: We should never _____ the reality that we will die; nor should we fear
that we will die; but rather, as those who have a glorious guaranteed future, we should live
with vigor and passion as we faithfully serve the Lord and one another. We should live
with the humility that nothing in this life is greater than what is to come and the confidence
of knowing nothing in this life can take away from what is to come!
