

## God Is Never Unjust

### Job 34

**(1)** Elihu calls out Job for accusing \_\_\_\_\_ of being unjust. (34:1-9)

**(2)** Elihu explains why he believes God can never be \_\_\_\_\_. (34:10-33)

- A.** God will ultimately \_\_\_\_\_ everyone according to all that they have done. (10-11)
- B.** It is irrational for God to create something out of \_\_\_\_\_ and simultaneously be unjust with it. (12-15)
- C.** God has no need of a court hearing to discover the facts because He already knows everything (\_\_\_\_\_)! (16-30)
- D.** It is irrational to suggest that one would have a better understanding than God of when His punishments have accomplished their \_\_\_\_\_/been justly executed. (31-33)

**(3)** Elihu concludes that Job's accusation of God being unjust is of itself a \_\_\_\_\_ act. (34:34-37)

**Challenge:** Is there a \_\_\_\_\_ in your heart towards God and life? Are you presuming to have the mental ability of God and as such have the right to cast judgement on God and His ways as either just or unjust?
