

Grace Didn't Die
Why do you love?
Galatians 4:11-20

- (1) Through the _____, Paul and the believers in Galatia built a deeply sincere and genuinely loving relationship with one another to help each other experience the eternal life of Christ. (4:11-15)

Note: "There are many who have incurred enmity through speaking the gospel very plainly, for the natural tendency of man is toward ceremony, toward some form of legal righteousness: he must have something aesthetic, something that delights his sensuous nature, something that he can see and hear, to mix up that with the simplicity of faith. Paul was as clear as noonday against everything of that kind, and so the Galatians got at last to be angry with him."¹

- (2) Through _____, the Judaizers formed a relationship with the Galatians so that the Galatians would honor them. (4:16-20)

Challenge: What's your _____ in loving your family, friends and peers at work? Are you laboring for them to know and experience the glory of God and as such loving them for their benefit; or are you living for them to glorify you, and as such "loving" them for your benefit?
